How do I register for Pro with my old Steam account? When will Pro be available on Steam? Hello, I am trying to download Camfrog Pro 2.4.7 to Mac OS X 10.9. The download page says it will run on Intel Macs but there is nothing but It says it can be downloaded in Beta..The Twins have released infielder Elliot Johnson, who is a non-roster invitee, reports Nick Cafardo of

---

The Boston Globe (via Twitter). He cleared waivers on Friday and then was released today. Johnson, 32, is a career-long journeyman. He's played some 2B, 1B, and some 3B, and he has appeared in parts of eight seasons with four different clubs. He's played both at the Triple-A and MLB levels, so he's not unfamiliar with any individual level. Johnson has a .197/.281/.346 career batting line in 1,823 plate appearances at the major-league level. Johnson was a bit more of a frequent participant with the Minnesota Twins than others this spring. He

---

hit fourth in the order for the first few days, while he was just starting to really settle into a consistent at-bat, and then he was moved down to fourth, which was quite normal for him. But he wasn't in the lineup much in the final weeks of spring, and as we mentioned before, he was just a tough call as a non-roster invitee, given the little experience and thin depth in the organization. Johnson did represent a defensive asset in the field, and he has played most frequently at 2B, but the Twins could look elsewhere to play some infield. Presumably,

---

Johnson is just a candidate to be released, with the real focus being on who will get the final roster spot.
