WOMEN'S SPECIAL TIME TO REST. It's winter and It's cold outside. I'm busy like an old mountain puma who's been hibernating for the winter. What's with this new schedule? It's hellish in winter, you know. Since the girl is still in the hospital, I've been taking my time to rest. And with this cold, I just can't stand to play video games… Due to the rest, I was able to take care of the girl, [I was able to do it] However, after my rest, even if she wasn't in the hospital, I also need to take time to eat and drink something. If I do anything else, I'll become weak. This place is also where I get information. I want to help everyone, but I can't even help myself. I just want to eat and drink something. I'm really frustrated… Now… When it comes to our relationship, our bond, it's as fragile as the snow, like a completely unable-to-determine

relationship. But ever since she's been in the hospital, the whole world in my heart is somehow calling out to the girl, begging her... Ahem, what are we doing now? She's done everything she could, but I can't even do anything. I can't take it anymore. I've never been hurt this much before. So what's this? I said I wouldn't become a mountain puma and I've already become one? If I could take it, I would've said so much earlier... I just have to sleep. Today is a day that I would finally miss if I skip this. Today is not a day that I can't have anything, right? Come on, it's time to sleep! People are saying, "Tarnished, if you aren't strong, the girl will stay in the hospital." But if I
