By merging all of our passion, experience and skills into one game, we are creating a world that is true to the classic fantasy RPGs that have been loved for decades. We've gathered a team with a wide range of experience, including game design, graphic and UI design, and

---

illustrations. Using the experimental studio model, we have established a dedicated team whose sole purpose is to create the game's world. All of this, in order to deliver a high quality, authentic fantasy RPG! HISTORY Game development started at the end of 2015 and we joined forces with GOG.COM.

In January 2017, we completed our Kickstarter campaign and began releasing frequent updates on our progress. At the end of the campaign, we were able to release an all-new trailer, an in-game demo and the whole trailer on YouTube. The

following day, we became number one on Kickstarter's Most Requested category. We were able to complete our crowdfunding campaign in four days. This allowed us to raise our first funding goal within the time frame, after which we began to focus all of our resources on creating the game.

We are currently making steady progress on creating the game, which will be released via Steam and GOG.COM in September 2017. SPECIAL FEATURE First person aiming is another special feature in

*rest of the games in the series, which are all good. I would recommend this to someone who has more experienced with RPGs, but I definitely recommend it to anyone who is looking for an RPG that has a more emergent feel.” 8/10 – Gamezebo.com “There's definitely an allure about the game's general design, as well as being able to seamlessly progress as you play, but it's just not the thing that fills you up to completion.” 7.5/10 – iPhone Game Review “If you like the first game in the series and you like an RPG, this might not be the one for you. It's a fun game to play, though, and as long as you have the patience to dig out all of the quests, you can probably have a good time if you keep your eyes open.” 7/10 – Pocket Gamer “This is a great action RPG with a unique feel that shines even more in the multiplayer mode.” 8/10 – iPhone Game Review “It's a great example of an emergent game that allows you to do whatever you want. It's not an RPG where you go through a linear path, so make sure you are prepared to do anything.” 9/10 – AppSpire “Although the story and atmosphere are pretty simplistic and unoriginal, the gameplay is rather interesting, bff6bb2d33*

## **Elden Ring**

- The Court of Elden for the development and refinement of the game. - Banquet Hall for the birth of the game concept. - The Crisis Room and the Mobile Development team for the development of the game. - The Dark King for the final prototype version and QA. - The WEB Lab - a new division in the company led by a new young staff. \_\_\_\_\_ “ One single plan, The battle of others, The battle of none, The battle of one’s self. What is a battle? The battle of the heart. The battle of the sword. And the battle of the mind. To live, to live, to live happily! To live, to live, to live with laughter! To live, to live, to live for glory! To live, to live, to live for the sake of love! To live, to live, to live for the sake of the ideal! To live, to live, to live happily!” — Shunryu Suzuki

The Lands Between, which are split up into two countries named Elden and Hollow, are changed through the existence of three powerful countries that have begun to take control over their lands: The Forest King, the Emperor of Hollow, and the Dark King who rules the Empire of Deep. The conflict between them represents the story of a man who, after being an ordinary lord, sacrifices his own past and joins this world as an immortal warrior. In order to save the Lands Between, you must, along with a group of other heroes and

---

magicians, rise to become a new lord. After you've chosen a hero, you must enter the Court of Elden and pass through the stages of Fame, Power, Honors, Glory, Desire, and Love. You must gain Fame through battles against enemy lords and challenges involving special conditions. As your Fame increases, you can also obtain a more powerful hero character. As the story progresses, you can meet other lords and heroes. By selecting a hero you meet during your progress, you can perform quests to obtain items and levels, and you can also acquire mounts and magic as you use them to travel across the world. Enjoy the excitement of cutting through the Lands Between as you

RIDE A FREEDOM KNIGHT DOG! No longer do you need to rush around on foot looking for every small rock that could cost you precious time. In this update, we added the Free Knight Dog, a dog that joins you during your travels on a horse, and has it's own combat set. This means you can ride your horse all day long without having to worry about running into a dungeon. Now you can just relax and enjoy the view. A huge thanks to Hex for all his help with the Knight Dog Project! The Update v1.1.2 is going to be very small, and will include just a few bugfixes. The features are mostly going to be from the upcoming v1.1.4, which is going to bring the

free Looting of objects to the world, so that those rich followers of the Elden Ring that have a lot of jewelry can sell it to you at really cheap prices. This way it will be easier to get a certain material, for example Etherium, which is required to create potions. I also updated the game with a new high resolution background! I hope you guys will like it! You can download it here for free or by purchasing it in the market for \$4.99: Changelog for v1.1.2 (free): - You can now sell more and more amount of loot to your followers, for example you can sell 100 Diamonds and get 90 fresh flowers, or 3 crystals
