Here you can download the latest game releases, game engine demos and more for PC, game consoles, consoles and mobile phones (Android, IOS, Windows Phone etc.). Superman returns pc game free download full version Mrs. Frank's Pharmacy Originally opened by Mrs. Frank, in April 1883, this little pharmacy has stood until today, a monument to the courage and determination of its owners in the face of all manner of economic adversity. Three generations of Frank family continued to run Mrs. Frank's Pharmacy on the same site after it was bought by the Crapauds, renamed and eventually passed on to its present owner Mr. Frank. In earlier times, Mrs. Frank's was an important location in the heart of Hethfield, providing services for the townspeople that included selling medical and pharmaceutical products, and the dispensing of medicines in an unpretentious way. Mr. Frank also had another business on the premises which supplied and fitted out trading vessels for the commercial shipping industry. Two generations of these firms were owned by the Frank family, before Mr. Frank took it on following Mrs. Frank's death in the early years of the 21st Century. In late 2014, Mr. Frank, who had been the driving force behind the building of the new daycare centre on Hethfield High Street, close to his home, added 'Mrs. Frank's Pharmacy' to the list of businesses held within the new centre. The shop and the daycare center are run by Mr. Frank's daughter Joanna and her husband Paul. They have also expanded the shop by adding a further retail area to the rear, whilst keeping the original first floor shop area in the front as before, with the addition of some larger table seating. Joanna and Paul's children are involved in the day to day running of the business, from the large double shop front they have maintained the old wood of the front of the shop, which has most likely been there since Mrs. Frank
